

## TERRY PARLE

Terry has over 20 years experience as a football coach. His formative coaching years were spent within the British military building his knowledge on the back of a playing career within the military and with clubs in UK, Germany and Norway.

Arriving in NZ in 2004, he established a reputation for being a forward thinking and innovative coach. He started the popular Football Mad Soccer School in 2007.

## COACHES

The ratio of coach to child will be 1-8 maximum. We carefully choose our staff for their highly successful careers as coaches and players from youth to professional levels. They include coaches and players from professional, national and regional teams, development coaches, and former national championship winners.

**A Quality Holiday Programme**

We have been operating quality holiday and after school programmes for children since 2004 in Dunedin and we are an OSCAR foundation member.

**Football Mad** Holiday Programme was formed with a view to improve the technique and skills of children playing Association Football and to serve as a motivation for children to look forward to playing sport.

**Together** we are providing an exciting holiday programme to engage children in a fun learning environment through Association Football...that's SOCCER! By providing a balance of self-directed time and structured sessions oriented around learning soccer skills, they will not only have a sense of belonging and work as a team, they will **improve** their **mobility** and **fitness** through the use of the Speed, Agility and Quickness (SAQ) routines.

## OUR GOAL

to develop life skills through sports in a positive environment that is structured and fun.

## FOOTBALL PROGRAMME

We have developed a proven portfolio of innovative knowledge and skill-orientated, Association Football programmes. They are designed to stimulate and challenge with a balance of learning and skill-based activities to add value to the children's education. This includes event management skills as they organise their own World Cup competition.

## OTHER ACTIVITIES

**Kidz Inc Football Mad** introduces fun and enthusiasm into learning that kids thrive on! It's not all just soccer and games, but other fun stuff if you don't want to be totally Football Mad!!

Outside of football sessions you can chill out. Kick a ball around if you like or you can try juggling, acrobatics, circo-arts and other activities that may be on offer. Movies, sport day outings and Laser Skirmish are also opportunities that arise from time-to-time. You can have a soccer theme if you want to be totally football mad.

FUN  
INNOVATIVE  
AFFORDABLE  
SKILL-BASED  
LEARNING

Open to  
children  
aged 5-15 years.
